

# VISHAL RUPAK V R

## Frontend Developer

📞 9360165553    @ vishalrupakvr@gmail.com    🔗 <https://www.linkedin.com/in/vishalrupak/>    📍 Coimbatore, Tamil Nadu, India

## SUMMARY

I am a Frontend Developer with a passion for innovation, specializing in React. With nearly 2 years of professional experience and a strong drive to learn and adapt, I am enthusiastic about contributing effectively to my next role by leveraging my technical skills and collaborative approach. My experience includes developing modules for an AI-powered platform and enhancing user experiences through responsive design.

## EXPERIENCE

### Software Engineer

#### Sense7Ai

📅 09/2023 - Present    📍 Coimbatore, Tamil Nadu, India

ZITA is an AI-powered Applicant Tracking System (ATS) that streamlines recruitment by matching job description skills with candidate skills.

- Transitioned to a full-time role, actively contributing to multiple projects with a primary focus on front-end development.
- Developed two critical modules in the Zita application: Weightage Matching Module and JD Description Template Module.
- Developed a standalone API dashboard for the Zita API using React, enabling users to track API usage and monthly consumption.
- Managed and enhanced the Sense7Ai website in WordPress, focusing on blog creation, social media sharing integration, and career page updates.

### Front-End Intern

#### Sense7Ai

📅 04/2023 - 08/2023    📍 Coimbatore, Tamil Nadu, India

- Successfully migrated the Zita website from Wix to React in just two months.
- Designed and built the InnovSpace website using React, CSS, and Bootstrap, ensuring a responsive experience for both mobile and desktop users.
- Led the development of the Zita application's dashboard redesign, enhancing the visual interface and overall user experience.
- Redesigned the Zita application's Job Description templates to create a streamlined, user-friendly process for job listing creation and management.
